DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-8, 18-20 , drawn to Data Collection Terminal with base unit and communication unit classified in class 455 subclass 73.
 - II. Claims 9-11 drawn to Data Collection terminal that may be powered up or down to conserve energy, classified in class 455 subclass 574.
 - III. Claims 12-14 , drawn to Data Collection Terminal that enters into sleep mode when not transmitting or receiving, classified in class 455 subclass 27.5.
 - IV. Claims 15-17 , drawn to A Polling Device with Polling gap time,classified in class 455 subclass 115.2.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions I-IV are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct if they do not overlap in scope and are not obvious variants, and if it is shown that at least one subcombination is separately usable. In the instant case, subcombination I has separate utility such as A Data Collection Terminal including Base and Communication units; subcombination II has separate utility such as Powering up or down the Data Collection Terminal to conserve energy; subcombination III has separate utility such as entering sleep mode

when not transmitting or receiving; subcombination IV has separate utility such as polling to establish communication link. See MPEP § 806.05(d).

3. Because these inventions are distinct for the reasons given above and have a separate status in the art as shown by their different classifications, restriction for examination purposes as indicated above is proper.

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
